

TEACH OUT

A programme of alternative events on strike days: WEEK 1

From Monday 25th November to Wednesday 4th December, University workers are standing up to the continual attacks on Higher Education, affecting both staff working conditions and students' learning conditions. But just because teaching staff are on strike, doesn't mean education has to stop! That's why Sheffield Students' Union is opening its doors in solidarity to host a series of workshops and presentations on a wide range of topics, delivered by striking staff and members of the wider community in Sheffield. Join us!
